2018 CORPORATE PARTNERSHIPS

Dear Future Partner,

The California Hispanic Chambers of Commerce strives to develop a secure, long-term commitment from our corporate members. Our mission is to develop and continually promote the growth of Hispanic businesses for the benefit of our members, corporate members and the overall economy of California.

California has the nation's largest Hispanic population with more than 14 million Hispanic residents representing over 39 percent of the state's population. There are currently over 800,000 Hispanic businesses in California employing more than 650,000 employees that are responsible for over \$100 billion in state revenues.

Today, the California Hispanic Chambers of Commerce (CHCC) has a network of over 50 Hispanic chambers and business associations throughout the State of California and is the premier and largest regional ethnic business organization in the nation. The CHCC promotes the economic growth and development of Hispanic entrepreneurs and California's Emerging Businesses and continues to advocate for legislation and public policy that empowers our small businesses with regulations that support business growth.

The goals of the CHCC Corporate Partnership Program are as follows:

- To increase business and economic opportunities for Hispanic business and associated business communities;
- To actively enhance the strategic alliance between the CHCC and our Corporate Partners;
- To create specific access and linkage to the Hispanic market and associated business and consumer markets;
- To leverage our joint business and legislative contacts for the mutual benefit of the partnership;
- To provide significant, measurable business networking opportunities; and
- To provide sustainable and continuous support of our common goals for economic development for the Hispanic community.

I invite you to take a few minutes to review the enclosed benefits and decide the level of support that best meets your company's objective. I am happy to discuss individual customized packages that meet your needs and objectives.

I look forward to your company's active participation with the CHCC.

Sincerely,

Julian Canete
President/CEO
